Functional Reading Comprehension Worksheets for High School and Transition Students

Functional Life Skills | Life Skills | Special Education Teachers | Teacher Experience | Teacherspayteachers | Transition

Dec 05, 2022

What is 'functional reading?' According to me, it's being able to read and understand enough to get what you want or need **AND** what you don't want or don't need. This includes weeding out the fluff stuff that doesn't matter. The fluff detracts you from your goal.

Functional reading is being able to turn on Netflix, read the gist of a new movie, and decide if you would like it or not. Fluff: Competition Reality TV shows

Functional reading is being able to navigate the library website to find out if your book club meets on Tuesdays or Wednesdays. Fluff: New children's read aloud program

Functional reading is being able to pick up a new game, read the directions, and be able to call out the friend who is trying to cheat. Fluff: Manufacturing details

ABOUT ME

I've been teaching for over 10 years and continue to find joy in working with students with disabilities!

I currently teach transition age young adults (18-22 years old) with moderate to severe disabilities. Community experiences, life skills, consumer math, and vocational skills are the focus and I love that each day is different and new.

My educational background includes- Bachelor's Degree in Elementary Education and Special Education, Master's Degree in Advanced Special Education, and 30+ Graduate Hours in Assistive Technology.
