Transition Plan Student Workbook for High School and Transition Students

Functional Life Skills | Life Skills | Special Education Teachers | Teacher Experience | Teacherspayteachers | Transition

Dec 12, 2022

I love a really good transition assessment. I love when parents/family members give quality feedback. I love when staff share their ideas and insight about a student's future. But, I really love when students are open, honest, and (most importantly) realistic* about their dreams and goals for their future.

I've crafted some [quality transition assessments](#) in the past, but sometimes what students need most is best pulled from them through small, incremental check-ins instead of a single conversation.

When I taught high school I remember talking with both parents and staff about their desire for students to have a more firm grasp on the 'real world'. As you know, that can be really hard to replicate in a system that, by law, is built on providing every support for students to be successful.

The only way to help students better understand the 'real world' is through conscious communication that increases their awareness of themselves and the life they desire or think they desire.

MEDICATION

Blister Ointment

Safe to use on non-burn blisters up to 1 inch wide

Directions: Clean the blister with warm water and soap. Pat the blister dry with a clean towel. Using a cotton swab, rub Blister Ointment all over the blister. Cover the blister with an adhesive bandage. Repeat until the blister is healed. Contact a doctor if the blister becomes painful or breaks open.

- G1. Why would someone take this medication? _____
D2. What should you use to rub the ointment on the blister? _____
Q3. What is the first step to using this medication? _____

- QUESTIONS- SUMMARY, SEQUENCE, VOCABULARY, INFERENCE, DETAIL, MAIN IDEA

Functional Reading Comprehension Worksheets for High School and Transition Students

Functional Life Skills | Life Skills | Special Education Teachers | Teacher Experience | Teacherspayteachers | Transition

Dec 05, 2022

What is 'functional reading'? According to me, it's being able to read and understand enough to get what you want or need **AND** what you don't want or don't need. This includes weeding out the fluff stuff that doesn't matter. The fluff detracts you from your goal.

Functional reading is being able to turn on Netflix, read the gist of a new movie, and decide if you would like it or not. Fluff: Competition Reality TV shows

Functional reading is being able to navigate the library website to find out if your book club meets on Tuesdays or Wednesdays. Fluff: New children's read aloud program

Functional reading is being able to pick up a new game, read the directions, and be able to call out the friend who is trying to cheat. Fluff: Manufacturing details

- QUESTION CATEGORIES- JOB PREFERENCES, PROBLEM SOLVING, PRIORITIZATION, COMMUNICATION, TIME AND TASK MANAGEMENT, AND JOB AWARENESS

Vocational Skills Worksheets for Students with Special Needs

Life Skills Teacherspayteachers Teaching Experience Transition

Mar 06, 2023

I love routine. I love having to think 1 time and just automate from there. It frees up my brain and allows my students to know what to expect and when, which we all know is helpful on multiple levels.

Well, I've been expanding my 'weekly' resources (beyond this stellar [daily life skills resource](#)) to include [functional reading](#), [transition skills](#), [safety skills](#), and now... [vocational skills](#)!

The [Vocational Skills Weekly Worksheet](#) is the newest weekly-use resource and it's something I definitely wish I had a few years ago! I would have used it at the start of each week to gather a baseline for future lessons. It also would have given me something to write other than 'Create Resume' for the umpteenth time on the scope and sequence!

Search...

INDEPENDENT LIVING- MONEY

Skills to Address Within Goals & Objectives	Self-Motivated
Identify differences between needs vs wants	
Plan for purchases within self budget for small purchases (\$20 or less)	
Plan for purchases within self budget for large purchases (\$20 and up)	
Identify when purchases take account cash on hand	
Identify when purchases take account balance on check or account if using debit card	
Calculate the total of multiple expenses before budget (ie. Cost of lunch and movie to know how much cash to bring or what for debit)	
Budget for monthly purchases/expenses	

Are you ready to write better money-related IEP goals?

Safety Skills Worksheets: The Comprehensive Weekly Workbook You Need

Life Skills Teacherspayteachers Teaching Experience Transition

Apr 03, 2023

When you think of safety skills you probably think of teaching students to wear oven mitts when using the oven, to not share their personal information with strangers, and to lock the door when they are home alone.

You probably embed **safety skills** into specific lessons (like **kitchen safety** and **independent living** lessons) when applicable. You probably also give verbal reminders in real time, like looking both ways before crossing the street while out in the community on a trip.

If you are seeking ways to review faaaaaarrrr more safety skills on a regular basis, then this **Safety Skills Worksheet Workbook** is perfect for your classroom!
